MOPAR® AUTOMATIC TRANSMISSION REBUILD KITS.

Rebuild the right way.

FCA US reserves the right to make changes at any time, without notice or obligation, to part numbers, prices and product availability.

SPECIFICALLY ENGINEERED FOR FCA VEHICLES.

Mopar® rebuild kits come with authentic O.E. components specifically engineered for FCA US LLC vehicle transmissions. They have everything you need for the chosen level of rebuild and are updated to the latest factory specs, so you know you're getting parts you can trust.

Choose from three levels of kits.

- ▶ **OVERHAUL KITS** contain all of the necessary gaskets, seals and filters for a specific transmission application. Based on the specific transmission being rebuilt, additional parts are included, such as snap rings, converter bolts, pump bolts, check balls, pistons, retainers, pump covers and more
- ▶ **BANNER KITS** include everything in the Overhaul Kits, plus friction plates
- ▶ **MASTER KITS** include all the parts in the Banner Kits, plus clutch separator plates
